

# ORVALDI EURO CUP

PUCK 2-5.07.2009

First Position  
Skipper 650

# Orvaldi Euro Cup 2009

The most important event of Skippi 650 ORVALDI EuroCup 2009 at Puck bay in Poland this time was organised with the national Omega Class. The event gathered 43 yachts from both classes and 125 participants from European countries including Germany and the Czech Republic. That gives 12 yachts and crews more than the year before. Wind, sun, great weather conditions and hospitable port in Puck gave an unforgettable experience for all participants, observers and their families. Competition and excitement on the sea and judges' table lasted until the very end. Nobody wanted to lose the chance to get valuable and prestigious ORVALDI EuroCup 2009 reward. Result was simple: 3 days, 9 passionate races and...over 17 protest from regatta crews that judges' committee had to deal with! As ceremony was coming to an end nobody could indicate the winners that were to get the cup. Finally the winner was chosen in October. This shows that ORVALDI EuroCup 2009 was true and tough fight not only on the sea but also in all prescribed regulations afterwards. Let the best photos published in this brochure take you back again into this remarkable place, where passion, competition and fighting spirit allows dreams to come true...

Thanks to all participants  
of this great adventure - Organiser
